

February 23, 2006

To whom it may concern,

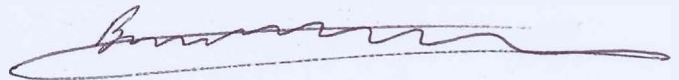

I am writing this letter in support of "Malibu Family Wines" in support of their attempt to establish "Saddle Rock- Malibu" as a viticultural area in Los Angeles County, California.

I believe they satisfy the requirements outlined in section 4.25(e)(2) of the TTB regulations. There is evidence that the area is locally known by name, there is historical and current evidence that support the setting of a boundary of viticulture area. I believe their claims relating to geographical features are undoubtedly evident.

I believe the "Saddle Rock-Malibu" petition is correct and honest in it's entirety. They thoroughly provide clear, correct and studied facts that make them prime candidates for the "Saddle Rock-Malibu" viticultural area.

Sincerely,

Brandon Esperon

A handwritten signature in dark ink, appearing to read "Brandon Esperon", with a long, sweeping horizontal line extending to the right.
